## Exciting News from the Erasmus+ UNITY Project!

**PODCASTS, PROMOVIDEOS AND WEBINARS**

Creating Inspiring Podcasts, Promovideos, and Webinars: Our team is currently working on a series of engaging podcasts, promotional videos, and webinars aimed at inspiring teachers globally. These resources will showcase how to effectively combine Project-Based Learning (PBL), STEAM (Science, Technology, Engineering, Arts, and Mathematics), and climate change education. This collaborative effort involves our associated schools, whose contributions are vital in creating content that is both educational and motivating. Together, we are developing innovative ways to support and enhance teaching practices worldwide.

Planning for LTTA and TPM in Malmö: We have already begun preparations for the upcoming Learning, Teaching, and Training Activities (LTTA) and Transnational Project Meeting (TPM) in Malmö. These events, scheduled for May 2024, will bring together students and teachers from across the project to collaborate and learn from one another. Our cooperation with the organizers of InnoCarnival ensures that we provide the best possible opportunities for all participants. InnoCarnival perfectly aligns with our project's themes of PBL, sustainable development, and empowering children as agents of change.

# LOOKING AHEAD

The UNITY project continues to evolve, driven by our commitment to promoting collaborative learning, sustainability, and innovation. Our upcoming activities and resources are designed to inspire and empower educators and students to make a positive impact on their communities and the world.

As a reminder, we have adjusted our project schedule to better align with key events. The visit to Pisa is now planned for November 2023, and Malmö will host our activities in May 2024. These changes allow us to fully leverage the opportunities presented by the InnoCarnival, which is a cornerstone event for our project.

## GET INVOLVED

We invite you to stay engaged with the Erasmus+ UNITY project. Follow our progress on social media, participate in our upcoming events, and join us in our mission to transform education for a sustainable future.

In Conclusion: Thank you for your ongoing support and enthusiasm for the Erasmus+ UNITY project. Together, we are shaping the future of education and making a lasting difference.
