PROMOVIDEOS AND STRATEGY PLAN

Our team is also focused on producing a series of promotional videos designed to inspire and motivate educators worldwide. These videos will highlight the integration of PBL, STEAM, and climate change education. Our associated schools play a crucial role in this endeavor, contributing valuable insights and content. Through these videos, we aim to share inspiration and motivation that can serve as a source of inspiration for teachers everywhere.

We are excited to introduce our awareness strategy plan, aptly named "Save the World with Your Dreams." This plan is designed to raise awareness about the importance of sustainable development and the role of education in fostering a better future. The strategy involves a variety of activities and campaigns aimed at empowering students to envision and work towards a sustainable world. By encouraging young minds to dream

Working on PR 4 and Forming Jury Groups: We are currently working on PR 4 and forming groups of jurors in each participating country to develop and refine our award framework. These jurors will play a crucial role in evaluating and recognizing outstanding contributions to the project, ensuring that we celebrate the achievements and innovations of our participants.

LOOKING AHEAD

As we continue to progress, our focus remains on promoting collaborative learning, sustainability, and innovation. The UNITY project is dedicated to creating educational resources and opportunities that empower both teachers and students to address global challenges and drive meaningful change.

Updates to Our Website: We have added exciting new updates to our website to further promote the UNITY project. These updates include detailed information on our ongoing initiatives and resources for educators looking to implement PBL, STEAM, and sustainability in their classrooms.
